- Spanish 100%
- Dutch 75%

PROFILE

An independent and self-motivated developer with proven and tested teamwork, coding, and problem-solving skills.

WORK EXPERIENCE

Software Engineer

2021 - 2022

Sofico

Worked according to Agile principles with legacy Java code base, mostly focused on the back-end. Used Jira for ticketing, Bitbucket/Github for version control, Postman for API testing, and Oracle SQL as database.

First-line IT Service Desk Analyst

2018 - 2019

Computacenter

Provided B2B technical support for UCB (Union Chimique Belge) in French, English, and Spanish. Aided the client with a deep understanding of Microsoft ecosystem, especially Azure Active Directory.

Customer Service Representative

2017- 2018

Mango Headquarters

Was in charge of English-language customer service team for a multi-national clothing brand. Provided excellent writing and composition to represent the brand.

English / French Language Teacher

2011- 2017

Self-Employed

Ran a fully-booked and profitable business.

MY SKILLS & EXPERTISE

Java / Spring
